

**Visionering Wichita
Environmental Sustainability
Leadership Team
March 10, 2010
Meeting Notes**

Attendees: Kimberly Cronister, Anthony Swartzendruber, Dane Baxa, Angie Allen, Elisabeth Skibba, Janet Miller, Tami Bradley, David Lazarus, Yegana Jafarova, Suzie Ahlstrand, Diane Longfellow

Thoughts on the alliance meeting

- Visionering Quick Facts – might address who, what done and how accomplished (could accomplish through a Vision Partner Orientation)
- Good agreement with a diverse group
- Kept personal agendas off the table – going forward need to remember alliance purpose
- Enthused to see so many people doing so many different things
- We need to define sustainability for the alliance – also mission, goals, objectives
- Important to show what's been done and what can be done
- We can help drive with education

Expectation of the alliance

- Research – look at successful communities – what worked what didn't
- Develop a mission statement
- Look into grant opportunities
- Central location for resources
- Get everyone to relate to the need – find something that brings everyone together so everyone is contributing to our mission
- Research local statistics on how little things can make a big difference

Agenda for April 7th alliance meeting

- Best Practices – Elisabeth & Anthony
- Plan/Funding – Yegana & Dane
- Resources – Angie
- GreenBiz presentation – Elisabeth will contact
