

# *Aging in Place Initiative*

## *Developing Livable Communities for All Ages*

**You're Invited**

### **Part II- Livable Communities for All Ages, a Work in Progress**

Date: Thursday, July 29<sup>th</sup>

Time: 8:30am-12:00pm  
Registration begins at 8:00am

Location: Dugan Conference Center  
Newman University  
3100 W. McCormick  
Wichita, KS 67213

Reconvene a year later with a group of key innovators and representatives from across the Wichita Metropolitan area to learn about the progress that has been made as result of the July 2009 workshop on Developing Livable Communities.

Central Plains Area Agency on Aging and Visioneering Wichita's Older Adult Alliance are hosting this Regional Showcase. Hear an overview of what livable communities are, why they are important and what they mean for people of all ages from national and local experts. A panel discussion of successful initiatives from Wichita and surrounding communities will take place as well as interactive discussions with the Jump Start Grant recipients.

Our goal is to provide the Older Adults Alliance with next steps to keep this community's momentum going in support of Aging in Place Initiatives and Livable Communities for All Ages. Participants will have time for discussion and will be provided with a survey to help direct the Older Adult Alliance in planning.

The Workshop is sponsored by CPAAA, Visioneering Wichita, the City of Wichita, and Sedgwick County. It is free and includes a continental breakfast. To make a reservation, contact Monica Cissell at 660-5229 or [mcissell@cpaaa.org](mailto:mcissell@cpaaa.org).
