

**Visioneering Wichita**  
**Racial Diversity, Opportunity & Harmony Strategic Alliance**

**Code of Inclusiveness**

I believe my life and my community are better when:

- People from all racial and ethnic backgrounds are welcome.
- There are opportunities to engage and learn from everyone.
- We ensure social interaction, educational and economic opportunities for all.

When I make decisions in my personal and professional life, I will ask:

**Does it include everyone?**
