

Dream it. Plan it. Do it.

It's no longer 500 Vision Partners

Community citizens attending the March 8 Steering Committee/Foundation Team meeting voted unanimously to intensify our 2005 Vision Partner goal to 700 VPs needed this year. "Increasing our community building capacity requires more Vision Partners. Every organization in our MSA has a stake in the future and should become a Vision Partner. Vioneering Wichita is a long-term plan but we need short term action which means coming together as we have never done before." reports Harvey Sorensen, chair of Vioneering Wichita. Check out a current Vision Partner list and/or form to become a Vision Partner at www.vioneeringwichita.com.

Vioneering Wichita is Making a Difference

Who could have imagined on June 1, 2004 that our Vioneering Wichita dreams could start to come to fruition? Let's review the progress:

1. Strategy: **Build a downtown arena.** Downtown arena legislation to be signed by Governor Sebelius in early April, 2005.
2. Strategy: **Encourage young people to get involved in leadership and be a force in Vioneering Wichita.** Young Professionals of Wichita is announced on March 21, 2005.
3. Strategy: **Provide a world class system and facility for adult basic education, technical education programs and customized training.** Sedgwick County Technical Education & Training Authority is launched and meeting on a regular basis.
4. Strategy: **Increase the competitiveness of the Wichita Airport in ticket cost and number of flights.** FairFares and public entities collaborate on competitive airfares.
5. Strategy: **Develop and support community leaders of all ages and races through accessible leadership development programs.** Kansas Health Foundation through the WSU Self Help Network is implementing leadership development and education throughout the MSA.

Kudos are in order for those organizations and individuals who are partnering in unprecedented ways in propelling our community's dreams forward.

Our 100th Vision Partner

Vioneering Wichita now has 100 Vision Partners signed up. These businesses, arts groups, non-profits, government entities, education, associations and faith-based organizations have committed to working together to accomplish the community's 20-year strategic plan.

Three who have signed up and were featured in a news release include Mid American Credit Union, Fisch Haus Studios and Wichita Area Association of Realtors. They all cited their commitment to the community, the work they are already doing to make Wichita better, and their desire to work with others on behalf of the community as reasons for becoming Vision Partners. Visit www.vioneeringwichita.com to sign up today as a Vision Partner. If you have questions about what it means to be a Vision Partner, check out the Q&A sheet attached to this e-mail newsletter.

Strategic Alliance Meetings Convene in April

Visioneering Wichita is forming coalitions around six priority areas. These strategies and their implied actions filter throughout all foundations and have the potential to drive significant movement on our Key Benchmarks. Henry Luke will facilitate these discussions and everyone is encouraged to attend any meeting that sparks their interest.

Visioneering Wichita is Everyone and should be Everywhere

An important component of moving our vision forward is reaching out to our community citizens one on one. It is about each citizen or organization voluntarily taking action on a specific strategy within the Visioneering document.

Don't know about Visioneering Wichita? Visioneering Wichita volunteer speakers are eager and ready to go! If you would like a presentation to your business, your civic organization, your school board or even yourself, contact us and a speaker will be arranged. Our website is still undergoing extensive revision. Top priorities are: We want to make the final document more accessible to our website visitors; we desire to make it easier for community citizens/organizations to sign up to be a Vision Partner and we wish to devise a simple process for Vision Partner report back of their success or progress. Check out our website at www.visioneeringwichita.com.
