Leading Indicators and Desires

Confirmed we are on the right track but need:

- Momentum on plans already in place
- Downtown revitalization
- Arkansas River beautification and accessibility
- Parks, recreation and open spaces improvement
- Connectivity between plans/communication strategies
- To know where are the governments on this?
- Jobs, jobs and jobs – what is our future economic prosperity plan?
- Family stability issue focus – where is the faith community on this?
- Local distinctiveness of culture & increased knowledge/participation of offerings
- Transportation
